

Thursdays at The Graduate Club

*Come join us for a great lunch and
great companionship!*

Fall has arrived and we will soon be in full color. It is time again to exchange ideas of what is happening in this dynamic world. Interest rates made a dramatic move up this summer. Today it is the UN, Washington, changes at the Federal Reserve, and how these affect financial markets. Things are happening so fast that the topics may be different by the time we meet for lunch. Our investment strategies attempt to recognize all of this. Lots to talk about. We also would like to give you an advance look at some of the improvements we are working on to better serve our clients. It is likely one of your friends will attend and you will meet new ones. We hope you can make it.

Please feel free to invite a friend
